ORU – The Online Research Unit
Level 9, 235–243 Jones Street
ULTIMO NSW 2007

Dear Friends,

Thank you for your generous gift of \$2,520.00 to Children's Cancer Institute.

As the only independent medical research institute in Australia wholly dedicated to childhood cancer, our role is vital. Because despite our progress, cancer still kills more children than any other disease.

On average, nearly three children in Australia die of cancer every week. And for those who survive, many will live with side effects such as heart disease, diabetes, infertility and secondary cancers caused by their treatment.

We absolutely believe that our researchers will end childhood cancer and the long term side effects of treatment. Which is why, for 30 years, we've dedicated ourselves to preventing, treating and curing this disease.

Thanks to people just like you, we've made great progress. But we won't stop until the job is done. And we're so glad to have you by our side.

Curing childhood cancer – it's not *if*, it's *when*.

Kind regards

Glinda Major
Major Relationships Manager
